Re: Pool Closure

Good morning, everyone.

Unfortunately, this morning, it was discovered that one of our pool pumps have broken, leading to a leak in the basement at ORC. Due to this and the pump requiring replacement, the pool must remain closed until the pump is replaced.

We are hopeful to get more information about timelines but for now, the pool will remain closed.

Once we get more information, we will send out an update. The pool staff, Carol, Sonya, Paula and Sharon, have been busy this morning contacting all homes expected to swim today to let them know about cancellations, as well as our external partners who use our pool, such as KidsInclusive and Water Babies.

If there is an extended closure, we are working on a back-up plan to ensure as many people still receive the benefits of swimming as possible, but are hopeful this will be rectified sooner than hoped.

Any questions, please give me a call – thank you!

-Lori
