Re: Welcome Amber Adams (Clinical Manager) to Psychological Services & CBS

I am pleased to announce that Amber Adams will be joining our Psychological Services and CBS department on July 29th, 2024. Amber brings to the department her background in the field of Applied Behaviour Analysis (Master's of Professional Education from Western University and board certification with the Behavior Analyst Certification Board). As she was recently approved for Autonomous Practice: Behaviour Analyst Certificate through the College of Psychologists and Behaviour Analysts of Ontario, she will be able to independently sign off on developed behaviour support plans and protocols.

Amber will be focusing on our Complex Care environments at Sunnyside and Haig, and will assist in oversight and management of behaviour support plans, while consulting with Psychiatry, front line staff, supervisors and clinicians in the complex care team.

With Amber joining the team, Alex Glecoff will be shifting his role to supervision and oversight of the behaviour therapists in Psychological Services and CBS.

Please join me in extending a warm welcome to Amber as she becomes part of our team. We look forward to her contributions and the positive impact she will undoubtedly make.

Best regards,

Sean Kerry, Ph.D., C.Psych.
Clinical and Counselling Psychologist
Director, Psychological Services
