Re: Compliance and Operational Reviews

Hi everyone,

I hope you're all doing well. I wanted to give you a heads-up about a couple of important upcoming events:

1. **Compliance Review for Homes:** Please be informed that a compliance review for all our homes has been scheduled from July 22 to July 29. This review is crucial for ensuring we meet all necessary standards and protocols. Your cooperation during this period is greatly appreciated.
2. **MCCSS Operational Review Meetings:** We're also gearing up for the MCCSS operational review meetings, which will be held starting from July 8. These sessions will be a mix of in-person and virtual meetings. Your active participation and input are key to our ongoing success.

Please mark your calendars accordingly, and if you have any questions or concerns before these events, feel free to reach out to me directly.

Thank you all for your hard work and dedication. Let's make these reviews productive and successful together!

Best regards,

Lak
