Re: Flu and COVID Vaccine Clinics

Good afternoon,

As the fall season approaches, so does respiratory infection season, including colds and flu. The best way to protect ourselves and others from COVID and the flu is through vaccines. To help people stay up to date with these vaccines, Ongwanada Pharmacy is offering various COVID and flu vaccine clinics over the next few months.

We will offer clinics from 4 p.m. to 6 p.m. for anyone interested. The dates and types of vaccines provided will be:

Thursday October 24th – Flu
Monday, October 28th – Flu and COVID
Tuesday October 29th – Flu
Tuesday, November 5th – Flu and COVID

To book an appointment, please call the pharmacy at 613-548-4419 ext. 1127 between 8 a.m. and 4 p.m., Monday to Friday. Please ensure to have your Health Card number on hand when you call to book.

Thank you,

Michelle Neville
Director of Pharmacy
