Re: CCN Case Load Adjustment

Dear Colleagues,

This email is to provide important updates regarding case load adjustments within our clinical community nursing team at Ongwanada. We currently have a decreased number of Clinical Community Nurse's within the organization we ask you review new temporary case load assignments listed below.

Please be mindful the CCN's are working with larger number of homes and supported individuals, therefore please ensure when communicating with nurses it is detailed and accurate. Please continue to utilize resources available such as supervisors, nurse educator, pharmacy, etc. for non CCN concerns. The CCN's will be contacting homes individually with details regarding expectations of communication, coverage schedule, and ways to ensure our supported individuals continue to receive safe timely care within Ongwanada.

NURSE	HOMES
KAREN GIFFORD	Church Henry Robinson McKeown Cunningham (temp. Montreal North) Grosvenor Muirfield
AMANDA MOORE	Mulcaster Mowat Wilson Prince Charles Richard Seaforth Douglas

MIRANDA ROY Tue/Wed/Thurs	Montreal South Portsmouth Inverness Baxter Sydenham
ANNE MARIE BATTEN	Sunnyside Haig James Gore Cassidy

****Host and SIL will be on consultation bases only, and injections arranged in clinic by Karen Gifford***
