Re: Important Update: Relocation of Barclay Nurses and Staff Changes

Please be informed that, effective December 23, Barclay Nurses will permanently relocate to Richard Street. As a result, Richard Street will become the second intensive support home, staffed with RPN/RN and CSW personnel. Meanwhile, Richard Street RC staff will permanently relocate to Barclay Street, which will now function as an RC/CSW home. The existing phone numbers and email addresses for both homes will remain unchanged.

Makenzie Campbell will continue to supervise the complex care homes, while Kathryn Walton will assume the role of supervisor for the Barclay RC home.
